

TRACKER

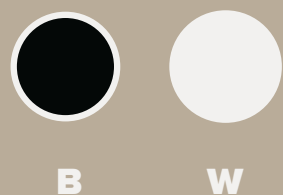

1 Choose your PETboard color

2 Choose your wiring

3 Choose your finishing (power plug, switches, strain relief etc..)

4 Choose your tripot color (floor lamp)

DESIGNS TRACKER[®]
LEGERRO-22/65-G-W

The image shows two cylindrical lampshades. The one in the foreground is a vibrant green, while the one in the background is a dark brown. Both are constructed from vertical, slightly curved slats that create a textured, ribbed appearance. The lighting is soft, highlighting the texture of the material.
