

INSTALLATION GUIDE LINE

/ STANDARD INSTALLATION

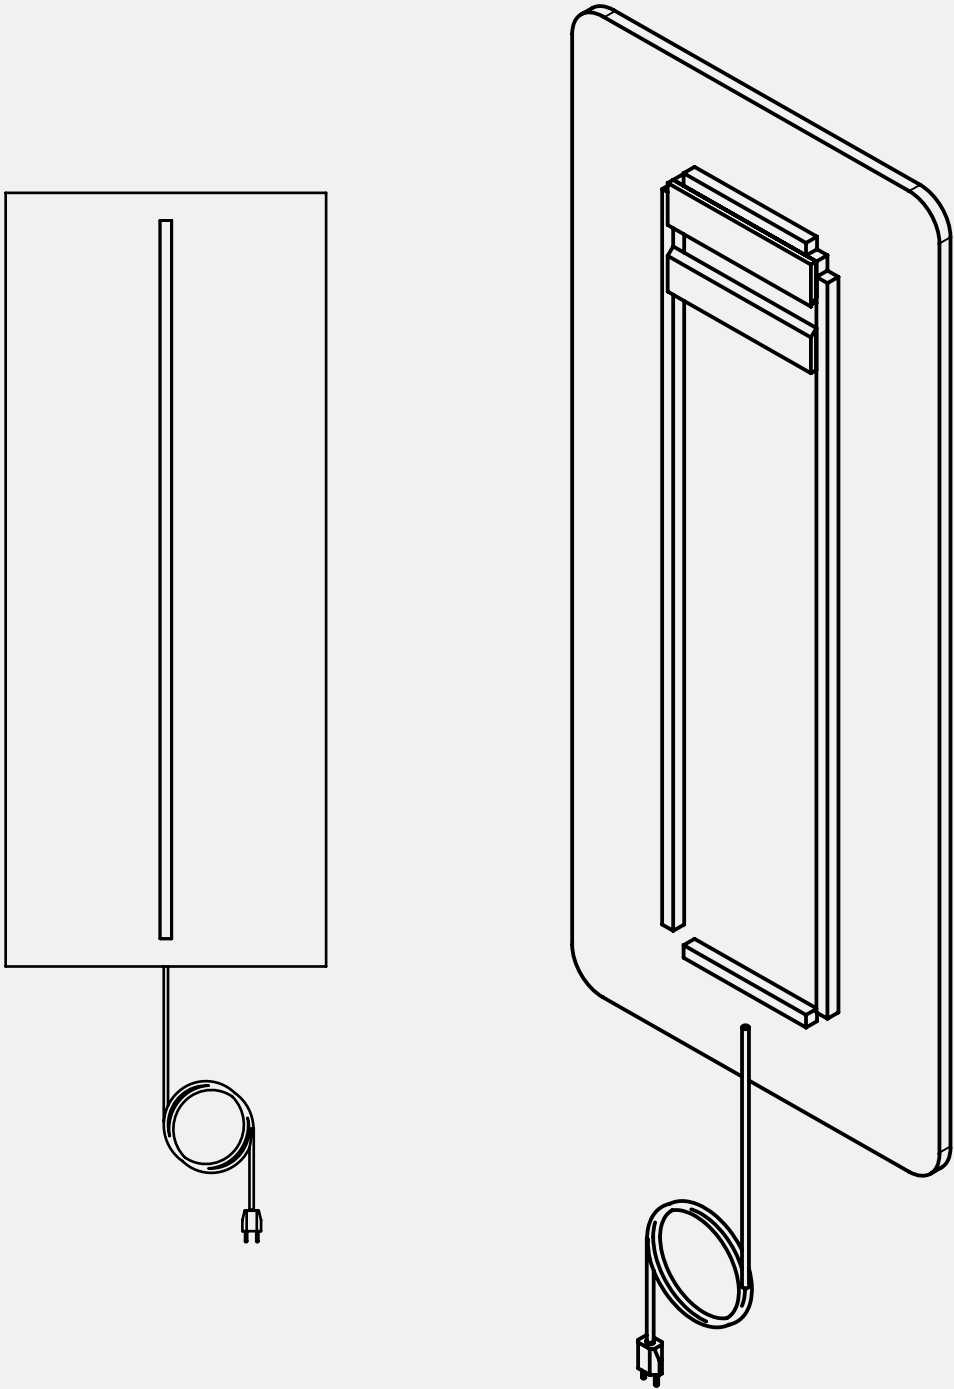

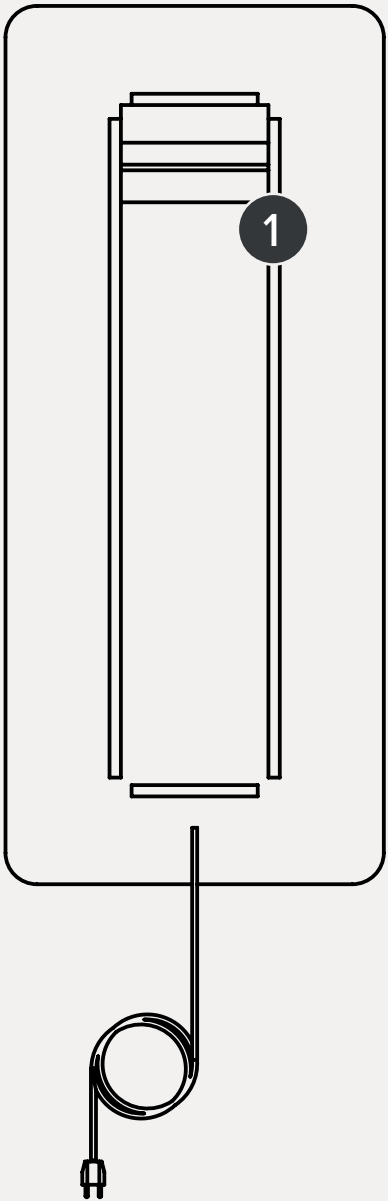

IMPORTANT: Turn off the power before installation.

Step 1: Mount the lower bracket to the wall as shown in the detail drawing. Ensure it is level and securely fastened. Use wall plugs if necessary.

Step 2: Hang the panel onto the lower bracket and make sure it is securely positioned.

Step 3: Plug the power cable into a suitable wall outlet.

Step 4: Open the Concert WiFi app and follow the in-app instructions to connect and control the lighting.

/ CONNECT WITH APP

- 1 Download and install the TUYA Smart app.
- 2 Connect the app to your home Wi-Fi network.
- 3 Turn the lamp on and off 3–6 times until the light starts flashing (pairing mode).
- 4 Open the app and tap the “+” button in the top-right corner.
- 5 Add the device. The lamp will only appear when it is in pairing mode.

/ IMPORTANT SAFETY INSTRUCTIONS

Please read this instruction manual carefully before installing the fixture and keep it for future reference. If you are not experienced in installing lighting fixtures, we recommend consulting a qualified electrician.

Warning: The instructions in this manual do not cover all possible situations. Always use common sense and caution during installation and use.

- Safety Instructions
- Do not install the fixture in hazardous locations or in direct sunlight.
 - Keep a minimum distance of 20 cm from curtains or other flammable materials.
 - Risk of fire and electric shock.
 - Wear appropriate protective equipment during installation.
 - Ensure the mounting surface and hardware can safely support the weight of the fixture.
 - Check all wiring for damage before installation and replace if necessary.

IMPORTANT! urn off the power at the circuit breaker before installation. Always use a voltage tester to confirm the power is off. Do not rely on the light switch alone.
